Things to consider

- Do you need the bar manned or will be self serving?
Note a bond applies for self service & strict pick up times
- Would like alcohol or mocktails, even soft drink
- Do you need disposable cups provided or will you be using glassware (this can be arranged at a cost too)
- Toppings, with mocktails & cocktails it is all about the garnishes, think spicy mags, do you need us to help or will you make your own?
